Château de Fontainebleau

The Château de Fontainebleau can proudly claim to have been a sovereign residence for eight centuries. Capétiens, Valois, Bourbons, Bonaparte and Orléans, all members of French ruling dynasties, have lived within these walls.

Kings and queens, emperors and empresses have all striven to make their own improvements to the château built around the original keep. The estate quickly became a huge palace in which many momentous historical events have been played out.

A visit to Fontainebleau opens up an unparalleled view of French history, art history and architecture, fascinating knowledge for further European reflexion.
